

# Mini Diro

Miniaturisation

The **Mini Diro** range embodies our ongoing quest towards miniaturisation of luminaires. This unobtrusive and extremely petite downlighter strikes a perfect balance between size and luminous flux, resulting in clean sightlines and minimal appearance. The Mini Diro is the ideal solution for projects where the luminaire design is not supposed to dominate the interior design.

# Mini tiro.

Range of miniature luminaires

Fully integrated architectural lighting solution

Optimal eye comfort, designed to minimize glare & eyestrain

Full focus on the light instead of the luminaire

Clean sightlines and minimal appearance

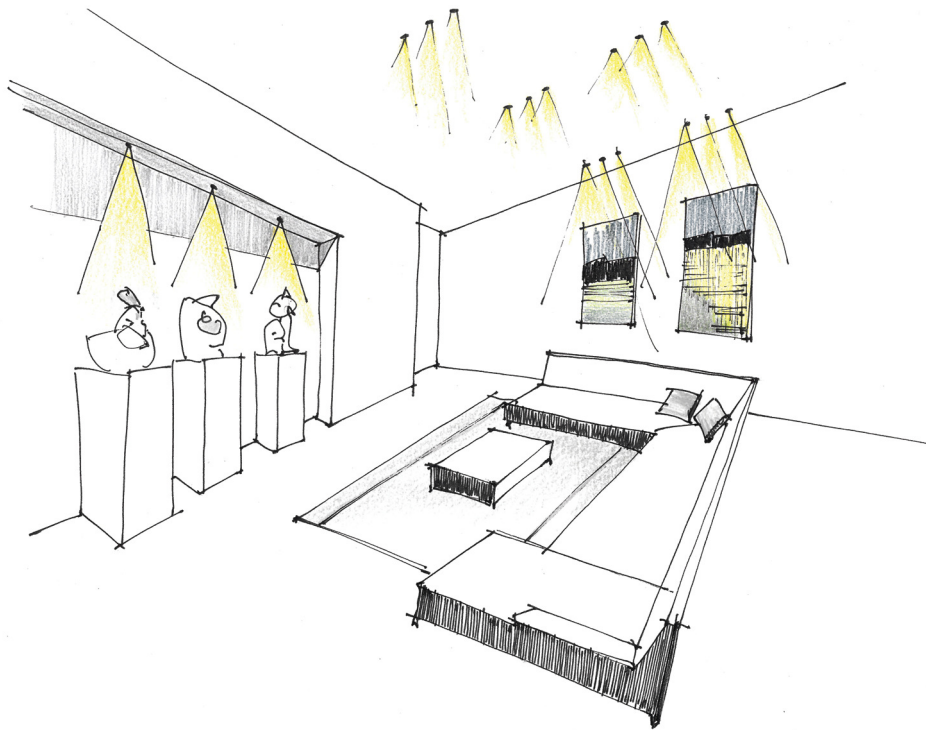

Trimless or trim finish

Multiple application and installation options

## Mini Dico TRIMLESS

This 25mm diameter pinhole luminaire with trimless finishing vanishes in its surroundings. The deep regressed positioning of the led guarantees minimal glare.

## Mini Diro R/S

Round or Square luminaire with minimal appearance, available in black or white finish.

**Mini Diro R** is also available as an **IP44** luminaire, an ideal solution for bathrooms or other damp locations.

## WIRELESS CONTROL

An advanced lighting control solution based on the Bluetooth low energy standard. BLE is a state-of-the-art wireless technology. It is the only low power wireless technology available in all modern smartphones, tablets and smartwatches. This makes it the only mainstream wireless technology in the world. It is future proof and it is available now to control your lights.

For more information and technical info please go to  
**[www.deltalight.com/CTRLDELTA](http://www.deltalight.com/CTRLDELTA)**

The CTRL Delta technology creates an easy and user friendly platform for a contemporary lighting installation.
