emotion

Nasce da forme lineari e pulite la collezione "Emotion", dove le rigorose linee dei metalli al laser, incastonate di cristalli Swarovski, mettono in risalto gli effetti di luce, che da essi traspaiono e accendono di luce riflessa i preziosi bastoncini in Vetro di Murano posti alle estremità, come per incoronare i corpi illuminanti, atti proprio a regalare suggestive emozioni.

The collection "Emotion" was created by linear forms and clean, where the strict lines of metals by laser, which are set Swarovski crystals, highlighting the effects of light, that shines through them and turn the light reflected precious sticks of Murano Glass at the ends, as to crown the luminaries, their acts to give suggestive emotions.

artesia

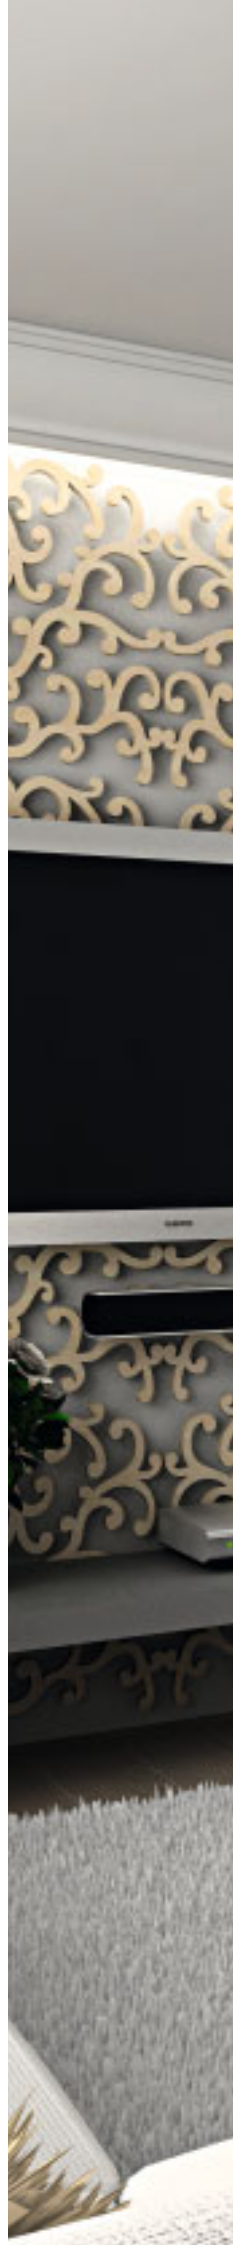

Da un perfetto incontro tra arte e fantasia creativa nasce la collezione "Artesia", un evolversi di forme armoniche fantasiosamente intrecciate quasi a creare un astratto dipinto, impreziosito dai cristalli Swarovski incastonati come pietre su un pezzo d'arte.

Flutes in vetro di Murano a effondere luce in uno skyline degno dei più sofisticati loft.

From a perfect meeting of art and creative imagination comes the collection "Artesia", a harmonious development of imaginative forms woven to create a nearly abstract painting, embellished by Swarovski crystals set like stones on a piece of art. Murano glass flutes to effuse light in a skyline worthy of the most sophisticated loft.
